github.com/nodrognaes

Web Developer with a focus and interest in front-end design involving HTML, CSS, and Javascript. Earned a certificate in full-stack web development through Rutgers University, where commended for teamwork abilities, as exemplified through a series of group projects creating an interactive movie search application. Natural problem solver and highly adaptable. Background in psychology, global sociology, and visual media give unique context and passion to create a more intuitive and visually appealing user experience.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5, SQL, NoSQL
Applications: GitHub, MongoDB, MySQL
Tools: Express, React, Node, Handlebars, Query, Bootstrap
